INNER DESIRE

More and more people are no longer willing to adjust their lives to fit existing spaces. They are breaking away from standardized spaces and creating their own private hideouts customized to their lifestyles, by actively altering spaces. New layouts can be created even in small spaces by making changes in floor level and room partitions and using color blocking.

SURFACE FANTASY

These days, we are all desperately
hoping to find a place,
as well as the time,
to focus only on ourselves,
escape from an exhausting society,
and truly relax by
doing absolutely nothing-all in a space
where there is nothing else to do
but sit or lie down.

27709-1

We suggest a stylish living space which balances classical dignity and trendy sensation for you who have artistic sensitivity. Work spaces and living spaces are converging to form a "home atelier." In a standing workplace, people walk around freely and remain standing while working, creating an active space that inspires them to work harder.

HANGING INSTRUCTION

SURFACE PREPARATION

- Walls should be smooth, dust-free and dry before applying the paste, to avoid creasing.
- If the surface is not perfect, we recommend the use of a lining paper.

CHECKING THE WALLPAPER

- Before cutting the rolls, ensure that they are all from the same lot no. and that they are in good condition with no color variation or other defects.
- For each claim, please enclose the label which indicates that lot no. after hanging 3 drops check the result. No claim is accepted for more than one roll.

APPLICATION

- This product is hung by applying an even coating of paste either on the wall or on the reverse of the paper.
- Avoid squeezing the paste between the edges of the paper.
- The paste must not come into contact with the surface of the paper at any time.
- All traces must be removed before by lightly dabbing the surface with a moist, clean sponge.
- If paste is allowed to dry on the surface of the paper, it will cause discoloration.
- We do not accept any claim for damage resulting from paste being applied to the surface.
- Use a high-quality wallpaper paste.
- After having pasted half of one length of the paper, fold it back on itself and continued to paste the rest of the length in the same way.
- The soaking time should be very brief.
- Apply the first drop in a perfectly vertical way.
- A better ways to adhere the edges would be to paste a strip of the wall in line with the join of the paper.
- Hang the lengths, one next to the other, neatly joined together without any overlapping, taking care to match the pattern repeat.
- To eliminate bubbles and to ensure a perfect contact with the wall surface, use a decorators wallpaper smoother or a dry cloth.
- Trim using a sharp blade and metal ruler.
